We have a great day planned and the more of you that come the better it will be, and it's all FREE.

(I have heard of someone, who could not make the lunch, asking if they could come along later. The gate is open, please come when you can, but still let Mike know.)

That's the advertising over.

Last Sunday the sun shone on a brilliant day of mens and ladies competitions, thanks must go to our Captain Dennis for his excellent organisation, and Dorothy for sitting there all day and handling the scoring.

To keep you in the loop, following ideas from members, (and we're always open to them) Council have plans in hand to cut a new door into the clubhouse allowing access to the toilets from the terrains, and slabbing the gravel area at the entrance to the terrains to tidy things up there.

It's really nice to see more members returning to the social sessions. If you have not felt comfortable enough to return yet, please come and give it a go.

Best wishes

Peter (President)

It has become very apparent that the parking situation at the sports centre is now extremely difficult with many different sports being played at the weekends. Please make sure, that if you have entered a competition, you leave plenty of time to park in order to check in at the allotted time. Once the draw is made late arrivals cannot be slotted in.

On a different note, the Esperado Charity Bangers Burgers and Boules takes place on Sunday 25 July. There will be games of Pétanque and "as it says on the tin" Bangers and Burgers. The cost of your ticket, £15 per person includes wine, beer and soft drinks. A notice is up in the club house for you to put your names down. Bring family and friends.

Just a reminder that the last Wednesday of each month is pay & play for those that wish to do so.

Finally, don't forget that Sunday 06 June is round two of the summer melee.
